

PARTNER software

Regional Conference Schedule

Hawkeye REC

Cresco, IA

March 19–22, 2012

9 a.m.–3 p.m.

Monday, March 19—Partner Software

Morning: Partner staff will show the new and often overlooked features of the Partner Staker. This will be primarily a presentation by Partner staff and will include the Proposed Job Mapset, DXF Importer, and the new Survey Tools.

Afternoon: Q&A about Partner Staking—this is an opportunity to get your specific questions answered by the Partner staff. It may also be an opportunity to see how your fellow users, many of which have been using the software for almost 10 years, have dealt with some of those same issues. In addition, we will have a brief presentation about some of our newer products such as Right of Way, Damage Assessment, and Mobile Outage.

Tuesday, March 20—MobileStaker™ by Tri-Global Technologies

Morning: Mike Bellrose from Tri-Global Technologies will show the new and often overlooked features of MobileStaker™. This will primarily be a presentation.

Afternoon: Q&A about MobileStaker—this will include taking your mobile units out into the field to address field use issues. If you have questions, please bring your mobile devices.

The Monday and Tuesday sessions are cost free for the attendees, and Partner will be providing breakfast, lunch and snacks all three days.

Training Opportunities

On Wednesday and Thursday, Partner Software is offering classes at Hawkeye for the same costs as offered in Athens, Georgia. So that we are adequately prepared with the right amount of staff and teachers and materials for this training event, please register at www.partnersoft.com for the following classes.

Publisher Training

For those of you who didn't have an opportunity to attend last year, or perhaps could just use a refresher course on using the Publisher, we are bringing the Publisher Staff to Hawkeye to teach the Map Publisher Class on site. **This is a two-day class, which will be held on Wednesday and Thursday, March 21 & 22, and will cost \$1,000/attendee.**

Workflow Automation Class

To go as paperless as possible, learn how to configure the workflow portion of your Partner. **This one-day class will be held on Wednesday March 21, and will cost \$500/attendee.**

All of these classes also include breakfast, lunch, and snacks.

This event is to be held at the Hawkeye REC office at 24049 State Highway 9, Cresco, IA 52136. During the last Regional Conference, several people stayed at the Cresco Motel, which I heard was recently remodeled. Also, there are several hotels in Decorah, IA. If you have any other questions about this event, please feel free to email David Shaw at dshaw@partnersoft.com or give him a call at 770-367-4220.
