

PARTNER
s o f t w a r e

Regional Conference Schedule

Callaway Electric Cooperative

Fulton, MO

March 26–30, 2012

9 a.m.–3 p.m.

Monday, March 26—Milsoft Utility Solutions

Morning: Milsoft staff will show the new and often overlooked features of WindMilMap. Specifically, they will be showing the new Partner-Milsoft interface between the WindMilMap 8.0 project model and Milsoft Field Engineering. This presentation will be shown primarily by the Milsoft Technical Staff.

Afternoon: Q&A about WindMilMap—this is an opportunity to get your specific questions answered by not only the Milsoft staff but also to see how your fellow users have dealt with some of those same issues.

Tuesday, March 27—Partner Software

Morning: Partner staff will show the new and often overlooked features of the Partner Staker (Milsoft Field Engineering). This will be primarily a presentation by Partner staff and will include the Proposed Job Mapset, DXF Importer, and the new Survey Tools.

Afternoon: Q&A about Partner Staking—this is an opportunity to get your specific questions answered by the Partner staff. It may also be an opportunity to see how your fellow users have dealt with some of those same issues. Since many of you will be taking the Advanced Staking class on Thursday, there has also been a request to go into a bit more detail about the new Partner Plus, and Partner Complete and the modules that are built on those platforms.

Wednesday, March 28—MobileStaker™ by Tri-Global Technologies

Morning: Mike Bellrose from Tri-Global Technologies will show the new and often overlooked features of MobileStaker™. This will primarily be a presentation.

Afternoon: Q&A about MobileStaker—this will include taking your mobile units out into the field to address field use issues. If you have questions, please bring your mobile devices.

The Monday through Wednesday sessions are cost free for the attendees, and Partner will be providing breakfast, lunch and snacks all three days.

Training Opportunities

On Thursday and Friday Partner Software is offering classes at Callaway for the same costs as offered in Athens, Georgia. So that we are adequately prepared with the right amount of staff and teachers and materials for this training event, please register at www.partnersoft.com for the following classes.

Publisher Training

You may have Partner's Map Publisher already, are planning to get it in the near future, or could just use a refresher course on using the Publisher. We are bringing the Publisher Staff to Callaway to teach the Map Publisher Class on site. **This is a two-day class, which will be held on Thursday and Friday, March 29 & 30, and will cost \$1,000/attendee.**

Advanced Staking

A further extension of the discussion of Tuesday, Jay Tootle will present more details about the Field Design System. **This one-day class will be held on Thursday, March 29, and the cost will be \$500/attendee.**

Workflow Automation Class

To go as paperless as possible, learn how to configure the workflow portion of your Partner. **This one-day class will be held on Friday, March 30, and will cost \$500/attendee.**

Partner Platform Development

Learn how to program your own mapsets in the Partner Workbench environment. **This two-day class will be held on Thursday and Friday, March 29 & 30, and will cost \$1,000/attendee.**

All of these classes also include breakfast, lunch, and snacks.

This event is to be held at the Callaway Electric office at 1313 Cooperative Dr., Fulton, MO 65251. If you have any other questions about this event, please feel free to email David Shaw at dshaw@partnersoft.com or give him a call at 770-367-4220.
